DUBAI COMMERCITY

THE REGION'S LEADING DIGITAL
COMMERCE FREE ZONE

WHY & HOW ARE WE CONTRIBUTING

UAE Digital Economy Strategy

The Digital Economy Strategy aims to double the contribution of the digital economy to the UAE's gross domestic product (GDP). It also seeks to enhance the position of the UAE as a hub for digital economy in the region and globally.

UAE Digital Economy Strategy

Digital Economy

From **9.7%** as of April 2022 to **19.4%** within 10 years.

Dubai Economic Agenda (D33)

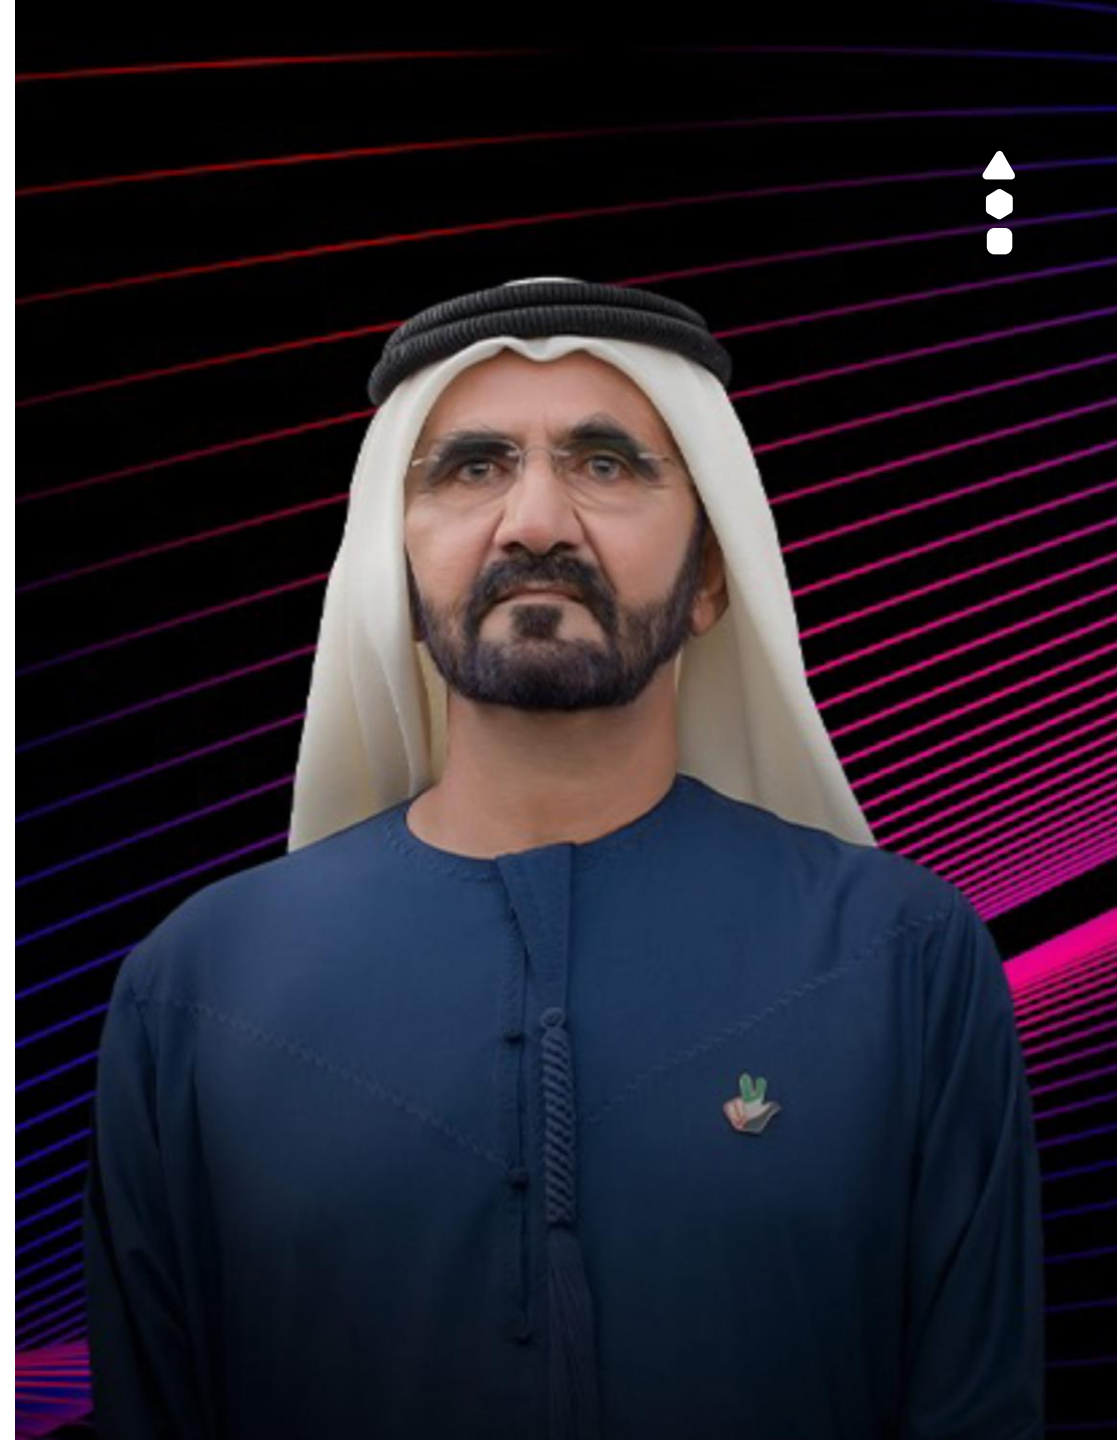

Foreign Direct Investment

From an average of **AED 32 billion** annually in the past decade to an average of **AED 60 billion** annually in the next decade to reach a total of **AED 650 billion by 2033**

Digital Transformation

AED 100 billion annual contribution of digital transformation projects to Dubai's economy.

To increase the productivity of Dubai's economy by 50% through innovation and digital solutions.

WHY & HOW ARE WE CONTRIBUTING

The strategic plans of the national economy are mainly based on the digital economy, as it contributes to creating real opportunities for foreign direct investment. Digital economy in the UAE is being implemented through the adoption of the UAE Strategy for the Fourth Industrial Revolution as one of its aims is to enhance economic security by adopting digital economy and blockchain technologies in financial transactions and service.

VISION

Position Dubai CommerCity as the capital of digital commerce.

MISSION

Achieve different national digital economy and future technology related strategies. We are committed to developing the trade sector in the free zones by accelerating the growth of companies in the digital world.

OUR POSITIONING

In line with Dubai Integrated Economic Zones Authority's commitment to solidifying Dubai Economy as one of the strongest globally:

- Strengthening its position as the **capital of digital commerce**.
- Achieving different national **digital economy** and future technology related strategies in the emirate.
- Commitment to developing the **trade sector** in the free zones by accelerating the growth of companies in the digital world.
- Our corporate identity makes a **distinctive shift** in the business model of companies operating from within Dubai CommerCity, enhancing returns and operations.
- Enhance the **competitiveness of the UAE** and its leading position as a global center for the most prosperous digital economy.

WHY DUBAI COMMERCITY

- Developed by one of the first free zone operators in the Middle East, and led by a team of commerce experts with 10+ years of experience on an international level, we provide an unrivalled service that you'll not find elsewhere.
- The region's first and leading free zone dedicated to digital commerce.
- Strategically located next to DXB Airport, providing express order fulfilment to customers of the UAE and cross-border into the rest of the GCC.
- Full end-to-end digital services tailored to our clients needs – from offices, to warehousing to turn-key solutions 'e-commerce in a box'.
- Support businesses to thrive in a trendy workplace by benefiting from the region's leading innovation hub in digital commerce.

WHY DUBAI?

- A diverse economy which is continually growing and expanding
- It's an entry route into other Gulf Cooperation Council (GCC) countries
- It's an important market for re-export into other countries
- No taxation on personal income and capital gains
- It's ranked 16th in the World Bank's ease of doing business overall ranking, but first in the Middle East and North Africa (MENA) region
- English is widely spoken and accepted as the language of business
- Strengths of the UAE market include:
 - its strategic geographical location; Dubai is regarded as a regional hub and commercial capital for the Middle East, north Africa and beyond large expatriate population
 - a liberal trade regime which attracts capital from across the region
